BRITISH INDUSTRIAL PROFITS.

A review of the profits of British industrial concerns, as disclosed by the jointstock company reports which have been published during the past quarter, discloses the fact that the net profit of 262 companies amounted to \$92,247,457—an increase of \$1,371,604 over the amount shown by the same companies' reports last year. For the first quarter of the present year the net profits of 279 companies aggregated \$91,329,897, or \$4,533,940 more than in the corresponding three months of 1911. The average profit of the 262 companies thus work out at \$352,060 for the second quarter of 1912, against \$346,854 in the corresponding quarter of 1911. The average profit of the companies included in the summary for the first quarter of the present year was \$327,345; for the first quarter of 1911, \$310,920. For the half year, the 541 company reports show total net profits of \$183,577,354, in contrast to a total of \$177,622,710 for the first half of 1911.—British Economist.

BUSINESSMEN IN MASSMEETING START CAMPAIGN OF EFFICIENCY

Many Candidates Brought Forward in Report of Committee

Business men of the city, at a mass meeting at 3 o'clock on the roof-garden of the Young Hotel, received the report of the special committee investigating the political situation and endorsed it. E. I. Spalding, president of the chamber of commerce and chairman of the original business men's meeting, presided. The meeting was well attended. The report of the committee as to candidates, published in the second edition of the Star-Bulletin yesterday, is here republished:
 "Honolulu, T. H., August 9, 1912.
 "Sir:—The committee appointed at a recent meeting of a few of the business men of Honolulu, to consider and report back respecting the political situation and the action to be taken at the coming elections, now submit the following report:
 "After canvassing to the best of our ability the general situation, and after consulting with many people, we have prepared and now submit the following list of names of men whom the committee believes should receive the support of the business community, and who are willing to become candidates upon condition that they do receive hearty and general support from the business men of this community: Delegate to Congress, Hon. J. M. Dowsett; senators from the third senatorial district, W. C. Achi, C. H. Cooke, Clarence Crabbe, Sam Dwight, John Hughes, S. Kalei-ou, P. R. Ikenberg.
 "Representatives, fourth district—G. F. Affonso, William Ahia, J. H. Boyd, A. D. Castro, S. F. Chillingworth, J. Kamanouli, Ed. Towse, Norman Watkins, William Williamson.
 "Representatives, fifth district—C. K. Arnold, A. L. Castle, S. P. Correa, L. Douglas, E. B. Fernandez, Charles Kaneoka, K. Hoohe, John K. Notley, M. P. Robinson, Jr., James Young.
 "For Mayor, H. M. von Holt. Supervisors: Joe Andrade, Harry Auld, G. Bartlett, E. A. Berndt, Andrew Cox, J. K. Clarke, J. B. Enos, W. R. Farrington, E. P. Fogarty, Norman E. Gedge, James Gibb, W. H. Hoogs, C. A. Long, E. L. Schwarzberg, James Quinn, J. A. R. Vierra, F. L. Waldron, city and county clerk, David Kalapokai, Jr., city and county auditor, James A. Bicknell; city and county attorney, J. W. Cathcart; city and county treasurer, E. M. Campbell; city and county sheriff, Eben P. Low; deputy sheriff, Honolulu, Charles Costa.
 "In view of the fact that the personnel of this committee is all Republican it has seemed to us advisable to confine our report and recommendations to Republican candidates, leaving it to the business community, if it so desires, to ascertain through the medium of another available material for office upon the Democratic side.
 "This committee urges that every one interested in the welfare of the community and efficient government, enter into the primaries in an endeavor to see that good men are sent to the several conventions at which the nominations will be made. No movement for efficient government can be successful unless all citizens perform their full duty in this regard.
 "In view of the recommendation of this committee respecting the delegateship, our chairman does not join in this report. The committee further desires to report that through a subcommittee it has been in consultation

with the Hon. J. K. Kalaniano'ole, and appended hereto the letter addressed to him with the reply received thereon. Respectfully submitted.

J. WATERHOUSE,
 JOHN H. WISE,
 CLARENCE H. COOKE,
 B. VON DAMM,
 ALFRED L. CASTLE,
 C. R. HEMENWAY.

The committee also appended correspondence with Delegate Kula, in which the delegate was asked certain questions as to his attitude. The most important part of the Prince's reply is:

Your first question is as follows: "Will you agree to the entire elimination of the Fear-Kuhio controversy at the coming Republican convention?"

Questions Evaded.
 I have never asked the Republican party as a party to take up the Fear-Kuhio controversy; on the contrary, I have consistently urged that the party take no part in it. Many months ago I urged the Chairman of the Territorial Executive Committee to have the committee do nothing whatever about it. To my request that this course be pursued, the committee replied by actively entering the contest in favor of Governor Frear, thus insisting that the controversy should not be eliminated as a party question. And when, in March last, I left Honolulu to return to my place in Congress, I did so in pursuance of an agreement with a representative of the business men, that in the then approaching convention, the Fear-Kuhio controversy should be eliminated. But you are aware how well that agreement was kept when upon the assembling of that convention the "Business Interests" at once insisted upon placing Governor Frear at the head of the delegation to Chicago.

Your next question is: "Will you support the ticket as nominated at the coming Republican Convention, regardless of whether you are nominated or not?"

I have said above that I am a Republican, which means that I will abide by the action of the Republican Convention. The only qualification I should make to this would be that, if it should transpire that the convention was controlled and dominated by coercion and bribery, and that its action, by reason of this, should not fairly represent the wishes of the Republican voters, I would not feel bound by it. I am sure that you gentlemen, representing as you do the business community, will most heartily join with me in this qualification, since, as a rule, the business community of Hawaii is in favor of honesty and fair play.

Your next question: "Will you run as an independent, if you fail to secure the nomination of the coming Republican Convention?" My answer to the question immediately preceding is a sufficient answer.
 In your next question you ask me to define what I mean by a "more liberal administration of the land law."
 Again do I have no hesitation in answering. It has appeared to me that our present land laws have been administered on the theory that applicants for homestead are, as a rule, dishonest; that applications are not made in good faith; that persons apparently seeking homes are actuated by hidden, sinister motives. So palpable has been this course that "homesteader" has become synonymous with "fraud" insofar as the present administration of the land law is concerned. Quite contrary to this, rules followed by the executive departments, by the courts, and by Con-

grew in dealing with homesteaders of the public lands of the United States, of liberal construction in favor of the homesteader, the officers charged with the administration of the laws of Hawaii have adopted the policy of a strict construction in favor of the Government and against the homesteader.

PHILIPPINE TRADE GROWS

Manila Cables American, July 16: Total trade figures for the fiscal year 1912, just issued at the bureau of customs, show an increase over 1911 of 30,000,000 pesos, imports amounting to 100,999,958 pesos and exports 100,639,672 pesos. Although there is still an unfavorable trade balance of 4,460,286 pesos for fiscal year 1912, when it is considered that last fiscal year this unfavorable balance amounted to 46,118,140 pesos there is cause for great satisfaction throughout the islands.

In fiscal year 1911 the United States took 43% of the total trade of the Philippine Islands, the figures this year show only 46% but this is 10,978,454 pesos more business with the homeland than was recorded in 1911.

	1911	1912
Imports	\$ 54,949,979	\$49,532,732
Exports	\$ 50,319,336	\$ 39,778,629
